

In this video tutorial we will show you how to create an account with the Ulster Historical Foundation.

Once you are on our homepage at ancestryireland.com, click “become a member”

This will direct you to our membership page which details the benefits of becoming an Ulster Historical Foundation Guild member. Benefits of Guild membership include access to over 200 “member only databases”, membership discount on viewing records as well as 15% discount on all Ulster Historical Foundation published books on www.booksireland.org.uk

If you don't want to register as a Guild member, you can still register a free account and access our “pay as you go” records and free databases.

Please fill out the required information and click submit form.

Congratulations, you can now access our databases!

When you search for records, you will be brought to a results page that looks like this.

In order to view a particular record, you will need to first add credit to your account. To do so please click Buy credits in the left hand menu.

The more credits you buy the greater the savings!

Once you have decided on the amount of credits you wish to purchase, please click submit. This will transfer you to our secure payment portal. Do not worry, you do not need to be a member of PayPal in order to pay for credits. You can Pay by just submitting your information.

Once Payment is accepted you can now view our records!

Thank you for watching and stay tuned for more instructional videos.
